Variation of the planning conditions to remove the restriction of sale of DIY materials would be harmful to the vitality and viability of the town centre. This would be in direct contravention of Policy DEV16 of the Plymouth and South West Devon Joint Local Plan 2014-2034. Planning policy and NPPF emphasises the need to recognise town centres as the heart of their communities and pursue policies to support their viability and vitality.

These conditions were put in place to protect Ivybridge town centre, and removal of restrictions of ranges of goods would have a hugely detrimental effect. This would put the town at a competitive disadvantage and compromise some very community orientated local businesses in Ivybridge. The Council therefore strongly objects to this application and recommends that it be refused.

OBJECTION

0365/22/HHO Householder application for simple flat roof (5 degree) kitchen extension to replace existing pavement at the rear of the property to create dining space and ground floor toilet – 36 Holman Way, Ivybridge, PL21 9TE.
