The Planning Committee discussed a suspected planning breach brought to their attention by a concerned resident to one of the Members. They agreed that the resident should contact South Hams District Council Planning Enforcement directly. This can be reported to Planning Enforcement online <https://southhams.gov.uk/article/3088/Planning-Breach> in order for them to investigate the complaint.

It was agreed that it is more appropriate for the resident to report this directly as they will have the information/evidence. South Hams advise that all complaints made are kept confidential, their name will not be disclosed without their knowledge and agreement, unless they are legally required to do so.
