

IVYBRIDGE TOWN COUNCIL

HOME WORKING POLICY

1. Introduction

- 1.1 Ivybridge Town Council (“the Council”) understands that there may be instances when an employee needs to work from home. Depending on the nature of that employee’s role the Council may consider flexible home working appropriate.
- 1.2 The Home Working Policy enables home working to support the Town Council’s business and employee needs and demands. It remains flexible whilst identifying the responsibilities, measures, and the risk-based approach to be carried out within the home environment to ensure the safety and wellbeing of our staff.
- 1.3 While homeworking is categorised as a type of flexible working, employees should not assume that other aspects of flexible working (such as amended hours) are automatically part of a homeworking arrangement.

2. Definition

- 2.1 Flexible homeworking is defined as time split between home and the office when an employee undertakes some of their duties from home on an agreed basis. This is usually planned in advance and may be for complete or part days. Examples of the type of work considered suitable for home working include report writing, preparations for meetings, project work, etc. The holding of physical meetings at home is not permitted due to public liability insurance.
- 2.2 There may be times when homeworking is required by the Council to meet business need during times of emergencies or as required by law. This is not defined as ‘flexible’ home working.
- 2.3 Working from home enables work to be carried out more efficiently in a quiet location and without disruption. It may also prove a more efficient use of time if employees who have been away from their work base for part of the day and are closer to their home on their return journey, to complete the working day at home rather than at their normal place of work.
- 2.3 In cases where office facilities are shared, or the employee risks continual interruption, the Town Clerk/Assistant Clerk or Line Manager may agree that an employee can work from home. This may include agreeing to home working on a regular basis or for a fixed period, e.g. two weeks as well as shorter ad hoc periods. Managers and employees should be aware of the potential impact home working could have on teams, e.g. isolation from the team, and/or Council activities, a reduction in effective managerial support or supervision.
- 2.4 In cases where the Town Clerk requests a period of home working, the Chair (or Vice-Chair) of Council and Chair (or Vice-Chair) of the Personnel Committee will consider the request.

- 2.5 Due to the nature of individual tasks, some roles within the Council are not deemed suitable for home working.

3. Conditions

- 3.1 Home working arrangements should work for both the Council and the employee.
- 3.2 Wherever possible, requests for home working should be made at least one month before the employee wishes to start the arrangement.
- 3.3 In general, the Council will be supportive of employees working up to 2 days per week from home, as long as core business needs are met, and that the employee can meet all the requirements of their role from home.
- 3.4 The working environment should be distraction free with work time for working.
- 3.5 Risk assessments of the home working environment, in line with legal requirements, must be undertaken. An application and self-assessment form (Appendix 1) must be completed by the employee and agreed by the Town Clerk/Assistant Clerk or Line Manager before home working can commence.
- 3.6 Requests should be considered on their own merits, taking into account resources, impact on colleagues and working relationships.
- 3.7 When working from home, employees are responsible for ensuring they are contactable during normal working hours. This should be via a Council mobile telephone (where provided) or the employee's home or mobile telephone numbers. Microsoft Teams and/or Zoom is also an acceptable means of being contactable. Details of personal telephone numbers will remain confidential within the Council; messages will be taken and forwarded on.
- 3.8 As a general rule, it is not considered necessary for those working from home to require supplies of stationery, etc. Large volumes of printing and collating of documents should be carried out on Town Council premises.
- 3.9 Under no circumstances should home working be used as an alternative method of meeting carer requirements.
- 3.10 Home working arrangements will be reviewed in light of any change of circumstances, whether relating to employee, work they are required to undertake, or the working environment.

4. Training solutions

4.1 Employer Responsibilities

- 4.1.1 Health and Safety In line with the Health & Safety at Work Act 1974 ("the Act") and their Health & Safety Policy, the Council will ensure, as far as reasonably practical, the health, safety and welfare at work of all employees, including those working from home. The

Council reserves the right to inspect home working premises in order to ensure that the Act, current risk assessments and Council policies and procedures are being adhered to. Reasonable notice will be given to employees before any inspection.

4.1.2 Insurance The Council accepts liability for accidents which are proven to have been caused by the authorised use of equipment provided by them in line with any instructions issued.

4.1.3 Data Protection, Security & Confidentiality Council employees will be instructed that in instances where their colleagues are working from home, they will not disclose any personal details, e.g. telephone numbers to anyone outside of the Council.

4.1.4 Running costs and expenses Where the employee is choosing to work from home, the Council will not contribute towards costs – for example, heating and lighting.

4.2 Employee Responsibilities

4.2.1 Health & Safety Employees are expected to carry out their work in such a way as to ensure, as far as reasonably practical, that there is no risk to health and safety to themselves, members of their family or visitors.

4.2.2 Insurance Home working may have an affect on domestic insurance policies. Employees wishing to work from home must inform their insurance company of the change in circumstances and the use, and identity, of equipment owned by the Council. An employee's mortgage provider may need to be informed. Employees living in council or privately rented accommodation should notify their landlord and/or examine the terms of their lease. Any equipment belonging to the employee but being used for Council business should be operated in line with any instructions issued. It is reasonable for the Council to assume that this is done.

4.2.3 Accidents, Incidents & Dangerous Occurrences In line with the Council's accident reporting procedure, employees must inform their line manager of any accidents, incidents or dangerous occurrences which take place whilst working at home. The initial report should be via telephone with the appropriate paperwork being completed on the employee's return to the workplace.

4.2.4 Policies and Procedures All work carried out on Council business is covered by the requirements of the Council's policies and procedures, even if this work is undertaken at home.

4.2.5 Data Protection, Security & Confidentiality Arrangements for home working should ensure that the employee can maintain the security and confidentiality of documents within the home environment whilst complying with Data Protection legislation and any email, internet and computer use policies and procedures that Council may have (employees should be aware that even when using their personal equipment to undertake Council business they must comply with this procedure). Employees should make sure that when leaving their computer that the desktop is locked through a password protected screen saver – ensuring data and information security.

4.2.6 Remote Access To enable remote access, employees can use their Council issued laptop and Citrix account, allowing full remote working with Citrix enabled collaboration tools,

such as Microsoft Outlook, Word and Excel. All Data Protection, security and confidentiality measures and policies must be adhered to.

- 4.2.7 Council Tax If the area of the house being used for home working is also used by the rest of the family at other times, there are no implications regarding Council Tax. However, if the area is used solely for business and is not available to the family, there may need to be a change of definition. In such cases the employee should check the details with the Billing Authority.
- 4.2.8 Taxation Employees choosing to work from home are not entitled to tax relief on additional outgoings. As there is no requirement to work from home there would be no tax relief on any proportion of the costs for heating, lighting and rent on rooms used for business purposes.

You may be able to claim tax relief for additional household costs if you work at home on a regular basis, either for all or part of the week. This includes if you have to work from home because of coronavirus (COVID-19).

5. Equipment

- 5.1 Equipment required for home working will depend on the nature of the work being undertaken. The type and extent of equipment beyond the Council issued laptop, monitor, keyboard and mouse will be based on the risk assessment. If any equipment owned by the Council is subsequently lost or damaged by an employee, that employee shall be expected to pay for its replacement, if not covered by insurance.

6. Making an application for home working

- 6.1 An employee requesting occasional home working should complete the application form and risk assessment form (Appendix 1) and forward it to their line manager. Employees are encouraged to complete the form electronically providing as much information as possible.
- 6.2 The line manager will discuss the application with the Town Clerk or Assistant Clerk and the employee in person. Discussions should confirm the type of work which can be undertaken, arrangements for covering other duties in the office and the exact pattern of home working being requested.
- 6.3 If the risk assessment highlights any cause for concern, the line manager should seek Health & Safety advice before any further action is taken.
- 6.4 The line manager will sign the application and risk assessment form and return a copy to the employee whilst advising them of the decision on their application. This will normally be within two weeks of the request being submitted.
- 6.5 If an employee wishes to appeal against the decision, they may do so by using the Council's Grievance Procedure.
- 6.6 Home working arrangements will be reviewed on an annual basis, or sooner if circumstances change.

6.7 Employees must be aware that any abuse of the home working arrangement may result in the Council taking disciplinary action.

7. Policy review

7.1 This Policy/Protocol will be reviewed every two years, or when there are changes to relevant legislation, or as necessary.
