PL21/092 **PLANNING:** The following planning applications were considered:

3623/19/FUL READVERTISEMENT (Revised plans received)  
Full planning application for the development of 111 residential dwellings with associated access, parking, landscaping, locally equipped play area and infrastructure - Land off Godwell Lane, Ivybridge.

**OBJECTION - Members recognised that some of their previous concerns had been addressed, ie the percentage of affordable housing has increased to 30% and there have been improvements to parking arrangements. However, they wished to reiterate their previous objections submitted in June 2020, and recommended that this application, which is located outside of the Ivybridge boundary, still be refused due to unsustainability and the overwhelming pressures placed on the infrastructure of Ivybridge, especially the highways, schools and GP surgeries, and its failure to comply with policies in the Plymouth and South West Joint Local Plan and Ivybridge Neighbourhood Plan.**

Ivybridge Town Council has raised their concerns regarding the pressures on the town's infrastructure for each development, highlighting that highways and services are at capacity, and these worries are confirmed in the responses from the relevant consultees, unfortunately however this has now resulted in missed opportunities for developer contributions.

**Should this development be agreed substantial 106 money needs to be contributed towards mitigating these shortfalls, and it is essential that reviews are done and strategies put in place as a matter of urgency.**

4277/21/HHO          Householder application for proposed single storey side extension – 25 Speakers Road, Ivybridge, PL21 0JP.
